

# Earn Your Master's Degree in Engineering

***No matter what bachelor's  
degree you have!***

## If you are:

- African American or of African descent
- A graduate with a STEM bachelor's degree

OR

- A graduate with a liberal arts/humanities bachelor's degree
- Interested in engineering but thinking you either can't or can't afford to enter the field

## We are:

- Launching a unique interdisciplinary **Master's in Engineering Management**
- Teaching key engineering disciplines plus leadership principles
- Facilitating exciting experiences like NASA internships and earning a pilot's license
- Providing **free tuition** for all students and **free housing for the first 10 students** who enroll

Admissions considered on a rolling basis, but space is limited.
